Air Freight 2021 MVP

Class A

In his own words: I remember most just the atmosphere of the state tournament and how much fun it was to play in and win it with my friends. Since we at Air Freight are a bunch of friends who enjoy playing baseball, hanging out and joking around with each other, we have a lot of fun.

We started out the tournament with a 15-inning game where one of my friends and UST teammates Kyle hit a walk-off home run (Air Freight 2, Minneapolis Angels 0). It was a big back and forth game and it was super fun to come out of that game on top.

Then we played a great game against a great team in Tonka, winning in all aspects: hitting, pitching and making defensive plays (Air Freight 7, Minnetonka 1). Next when we played 365 we had another great team win (Air Freight 12, Baseball 365 6). And finally, in the championship against Highland we were able to come out hot and finish the tournament with a championship (Air Freight 12, Highland Park 1).

There were so many plays throughout the tournament where people stepped up and made big, clutch plays. And just being able to experience the championship and entire tournament with the team was something I'll never forget.

Thank you and Roll Freight!
