

# Matt Parrington

Minnetonka

2001 MVP

Class A

**In his own words:** My most vivid memory of that tournament run was the way our team came through the losers' bracket to win the championship (Minnetonka 13, 8, Glynn Building 10, 4). We were the beneficiary of good luck as a rain day allowed both of our top pitchers to come back on 1-day rest to get us over the hump. During our post-championship parking lot celebration we had such a sense of accomplishment, realizing we enjoyed some good fortune and overcame the odds.

From a personal standpoint, I believe 10 of my 12 hits were for extra bases. It was a fun stretch of games with many at-bats in a short period of time - one of the advantages of the losers' bracket! I just happened to get hot at a very opportune time.
